Dear Mr. Daniel, *Scott ~*

On behalf of the Markham Stouffville Hospital Foundation, I would like to thank you for your generous donation through the Healthy Gourmet production. We are fortunate to have the support of the Markham Fire Fighters.

The funds raised from our events will help build our new Hospital, which is but one exciting project on the new and innovative health and wellness campus. Our facility will expand to more than double its current size with the addition of 100 new beds, more operating rooms and greater diagnostic capacity to service our growing population.

The project will also include new Mental Health, Critical Care and Emergency departments. The new ER alone will accommodate over 10,000 additional patients per year to relieve the bottleneck we currently experience during peak times.

Your support is very important and our community is very lucky to have you watching over them in this special way.

Sincerely,

Allan Bell
